

BLEC POWER BOX RAKES (Tractor & Loader Mounted)

- Long life pointed carbide toothed rotor
- Rotor pulverises the soil and separates the stones / debris
- End plates allow PBR to bulk move soil / debris
- Hydraulic angling rotor rakes and windrows material
- Rear adjustable castor wheels gives accurate depth control
- Lift up rear frame
- Optional laser levelling kit

The tractor mounted BLEC Power Box Rake is the perfect landscape construction tool for carrying out cultivating, earth moving, grading and raking. At the heart of the unit is a carbide pointed tooth rotor which contra rotates, pulverising and separating the debris from the soil, leaving a clean raked finish. The hydraulic bi-angling rotor windrows unwanted stones and debris and by folding down the side plates all the raked material can be gathered up.

Model	150H	180	240
Model Number	152.150.00	152.180.000	152.240.000
Engine/Tractor hp req	Avant Loader or similar	Tractor 30-70	Tractor 55-75
Working rotor width cm	150 cm	180 cm	240 cm
Rotor Bi-angling	Double acting hydraulic valve		
Max working depth	50-100 mm		
Rotor teeth	Carbide		
Depth control	Rear castor wheels		
Drive system	Hydraulic motor	PTO Gearbox 540rpm	
Min hydraulic oil flow req	55 litres per minute	n/a	
Weight kg	437kg	540kg	680kg
Dimensions WxLxH cm	173 x 160 x 100	210 x 150 x 120	260 x 190 x 120
Options			
Laser Preparation Kit	N/A	252.180.008	252.240.000
